

## JACK RYAN GETS NEW APPOINTMENT

### Is Made General Freight Agent N. C. & St. L.—Continues Office Here.

Appointment of John C. Ryan as general freight agent of the Nashville, Chattanooga and Louisville railway was received in Memphis Thursday with other nominations at all points along this system. Mr. Ryan will continue in his office in the Union & Planters Bank building.

Probably no railroad man in Memphis is better known than "Jack" Ryan. He came here eight years ago from Nashville as commercial agent. In 1913 Mr. Ryan succeeded the late Joseph H. Turf as general freight agent. For 20 years Mr. Ryan has been connected with the N. C. & St. L. breaking in the railroad business with that system in Nashville, where while he was in the office of H. F. Smith, vice-president and traffic manager.

Mr. Ryan has been active in business enterprises here. His connections with the Chamber of Commerce have enabled him to be a prominent figure in numerous elections and in the securing of more than one boost for the city commercially. Then he is more than well known as the Knight of Columbus official Santa Claus.

For some years Mr. Ryan was secretary of the Southern Golf association. However, pressing business matters caused him to relinquish that position several summers ago.

Simultaneous with the announcement of Mr. Ryan's appointment came those of Edgar Battle and J. L. Chapman as general agents. Both of these men have been associated with this line in Memphis for a number of years.

Stationed in Memphis for sometime past, T. G. McClellan goes to St. Louis as general western agent. E. P. Robinson, also of the Memphis office, was appointed as freight traffic agent at Kansas City, while J. L. Knapp will be located in St. Louis in a like capacity.

Other appointments from the office of Charles Barham, general freight agent, Thursday were:

W. L. Nichol, assistant general freight agent, Nashville; J. C. Kirk, assistant general freight agent, Nashville; J. A. Sams, assistant general freight agent, Atlanta; F. M. ## Free Three Charged With Breaking Seal Of I. C. Tank Car

Joe Higgins, Gus Dixon and Robert McClure, negro switchmen, were freed Wednesday when a jury in first division of criminal court returned a verdict of not guilty upon instructions from Judge J. E. Edwards. The negroes were charged with having broken the seal of a tank car in the Illinois Central yard at Nonconah.

After all the evidence had been heard and arguments in the case were about to be made, John Sherr, assistant state attorney, recommended to the court that a not guilty verdict be returned for Joe Higgins and Gus Dixon, as the state had failed to make out its case against them. In giving the jury the recommendation of the state's attorney, Judge Edwards added, "and the court instructs you to acquit Robert McClure."

In explaining his action to the attorneys interested in the case Judge Edwards expressed the opinion that the guilty person was one Mike Young who did not appear for trial. Unless the negro does appear and stand trial his bond will be ordered forfeited.

The negroes were charged with having stolen about one gallon of the denatured alcohol.

## Negro Robbers Get Merry Reception

Sed Hutchins, 574 South Main street, tendered a merry reception to two negro robbers who broke into his store early Thursday morning. Awakened Hutchins picked up a shotgun loaded with buckshot and let fly the general direction of the burglars, who fled.

Sed told police he believed he hit one. "Mr. the cops noted that at least a pellet or two of lead must have found lodgment under dusky skin."

## THIEVES STEAL ALCOHOL

Thirty-eight gallons of grain alcohol were stolen Wednesday from Garity Ramsey hospital basement.

## ASIA PATROL WILL END MASSACRE OF TURKS

### Military and Naval Plans by Supreme Council Include Joint Control of Capital and Curbing Blood Lust In Asiatic Turkey.

LONDON, March 11.—The peace conference is trying to work out details of military and naval plans in connection with Turkey, giving particular attention to Armenia, Admiral Beatty, Winston Spencer Churchill, secretary for war, and others, were called in today to give their opinions. Premier Venizelos, of Greece, was also present and again insisted that the allies should take the sternest measures against the sultan.

The general plan of action was not changed, however, as a result of the conference. It became known today that the military demonstration at Constantinople is likely to take the form of allied military control of certain Turkish governmental activities, among them probably the war department.

The conference were careful to make clear that this does not mean the taking over of the Turkish government at the outset, and would not in the future if Turkey shows an inclination to abide by the terms of the armistice and cease central party at Nonconah.

The report of the allied commissioners in Constantinople was presented at Wednesday's meeting of the supreme council, according to statements current in peace conference circles, where it was also said the council adopted the main proposals of the report.

## ATLANTA WALKS; STRIKE CONTINUES

### Carmen Refuse 15 Per Cent Raise—Tieup Continues.

ATLANTA, Ga., March 11.—Atlanta walked to work again today except where they were lucky enough to find room in some friendly automobile or were taken up by the comparatively few machines that were being operated for hire as a result of the street car strike.

The walkout, caused by refusal of the union employees to accept a 15 per cent wage increase awarded by an arbitration committee, showed no signs of nearing an end as the second day began. The men had demanded a 50 per cent raise. It was announced meanwhile that approximately 150 Atlantans had signed a petition volunteering to serve as motorman and conductors and to go into training for that purpose as soon as the company saw fit to accept their offer.

The trolley tieup was complete, the company making no effort to operate either urban or interurban cars.

## QUIZZ POLICE HEADS IN VICE INQUIRY

NEW YORK, March 11.—Subpoenas have been issued by the district attorney's office for Chief Police Inspector John D. P. Kelly and Police Inspector Thomas McDonald in connection with the investigation into alleged wholesale vice conditions in this city. Subpoenas also were issued for important city records which Assistant District Attorney James E. Smith thinks will be of material assistance in the grand jury investigation now under way.

Judge Malone in general sessions court today denied a motion for a reduction from \$15,000 to \$5,000 in the bail of Jennie Burke and Kitty Daly, held as material witnesses in the investigation, which already has resulted in the indictment of Detective John J. Gunson.

Instead of an open hearing before a city magistrate as suggested to District Attorney Swann by Mayor Hylan, the grand jury alone, it became known today, will conduct a "John Doe" inquiry.

"I think while the grand jury is attending to the matter and is so prompt about it, it is not necessary to start another proceeding," Mr. Swann said last night.

Before and After the Revival. Mrs. Mary Forrest Bradley, granddaughter of Gen. Nathan Bedford Forrest. Vocal solo, Mrs. E. E. Whitner.

The service began promptly at 12:10 and closes at 12:40 p.m., so that those employed uptown may attend and get back to their work on time. The women of the church serve lunch at the building from 11:30 a.m. to 2 p.m.

## MAY SUE U. S. FOR COTTON WAR TAX IN MISSISSIPPI

### House Committee Favorably Reports Bill to Enter Suit for Millions Collected by Federal Government.

JACKSON, Miss., March 11.—The house judiciary committee today favorably reported the bill framed by Speaker Cannon and Representative Stuart instructing the attorney-general to file proceedings against the federal government to recover the cotton tax collected by the United States in Southern states following the Civil war, totaling between eight and 10 million dollars in Mississippi.

The tax was collected but never expended, and is now in the United States treasury. The supreme court having held that it was an illegal tax. The records showing names of parties by whom the taxes were paid have rotted and the plan of procedure proposed in the Cough-Blount bill is to recover Mississippi's portion in the name of the state, and allow parties who paid the tax or their descendants, two years in which to establish their claims, the sum remaining after that period to escheow to the state.

The Jonesboro creamery will buy milk and cream from the dairymen and the farmers of the county, and will manufacture butter, cheese and other dairy products.

This company has also made arrangements with the banks of the city whereby the farmers of the county will be able to borrow money at the low rate of 6 per cent per annum, with which they will be able to purchase new-bred dairy cattle in order that they may have a supply of milk and cream to sell to the Jonesboro creamery at a market price. A SHAMPOO WORTH TRYING  
It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox, which can be obtained from any drug-gist, in a cup of hot water. This makes a full cup of shampoo fluid, enough so it is easy to apply it to all the hair instead of just to the front of the head. This is a really good shampoo, and is very something to have in the bathroom, as well as for the hair, it is fresh, clean, and does not leave the hair feeling greasy and heavy, developing a stiffness that is very heavy.
